

Two New Tools Make Finding Surcharge-Free ATMs Just a Click Away

MYCOOP Mobile Texting

CO-OP Network announced it is doubling the options credit union members have for finding the nearest surcharge-free CO-OP Network ATM. Now cardholders can text their location to **692667** (MYCOOP) or download a database of ATM locations directly to their personal navigation devices. These two new enhancements join CO-OP's current phone and online ATM locator functions.

CO-OP Network says the text messaging service is simple and easy-to-use. Cardholders text their location — address, intersection, or zip code — to **692667** (MYCOOP) on any mobile phone. In less than a minute, the service replies with the CO-OP Network surcharge-free ATMs nearest the cardholder's location. To find additional locations, the user simply replies with **MORE**. MCU cardholders now have access to 25,000 surcharge-free CO-OP Network ATMs in the palm of their hands.

Downloadable Database for GPS

Members with a personal navigation device, such as a Garmin, will soon be able to download the CO-OP Network ATM database through a link on www.co-opnetwork.org. Once loaded, cardholders can receive turn-by-turn directions to the nearest CO-OP Network ATM — no matter where they are in United States. The ATM database will be updated monthly.

Whether MCU card holders are in their hometowns or across the country, they're never far from a CO-OP Network ATM with the new ATM locator enhancements.
