- Savings Account
- Basic Checking or Checking Plus Account
- Line of Credit Loan

## ATM Safety Tips

**Choose a well lighted ATM and park close to it.** If possible, have someone with you when using an ATM at night.

**Stand back to allow privacy** when someone else is using the ATM. Have your card out before approaching the ATM.

**Fill out all forms and endorse all checks beforehand.** Stand directly in front of the ATM so no one can see you enter your Personal Identification Number (PIN).

**Cancel your transaction if anyone or anything seems suspicious while using the ATM.** If you suspect illegal, suspicious or dangerous activities, go to a safe place and notify police.

**Protect your card.** Keep it in a safe place where it won't get bent. Store your ATM card in a protective sleeve. This will protect the magnetic strip so your card will always function properly. Request a free courtesy ATM card sleeve from any MCU Personal Financial Officer.

**Put away your cash immediately.** If someone follows you from an ATM, go to a safe, well-populated area.

**Memorize your PIN.** Keep it separate from your ATM card, and never reveal your PIN to anyone. If you lose your ATM card and you have written your PIN on it, anyone who finds it can use it.

**Report a lost or stolen card to Missouri Credit Union immediately.**

**Keep your ATM transaction receipts until you match them against your statement.** Don't leave your ATM receipts at the ATM because the receipt may contain confidential information.

**Use Missouri Credit Union ATMs** and national CO-OP ATMs to avoid network fees and surcharges. Find the nearest location to your home or while you travel just by going to [missouricu.org](http://missouricu.org).

If you use a bank's ATM, fees and surcharges may apply.
